# Tower Notes

A PUBLICATION OF BETHANY AND OTISVILLE UMC  
Clio, Michigan 48420

*From the Pastor's Desk*

Please join the Bridge Team and every member of Otisville and Bethany churches in praying the following prayer, either at 8:30a.m. or 8:30p.m.—or Both!—as we send a communal prayer to our Lord and Savior to be with all of us as we dream a Jesus sized dream for our Co-operative Parish. Please be in prayer for us as we continue on this journey for both churches.

**"Guiding Spirit, FILL us with YOUR fire, LEAD us by YOUR light, UNITE us in YOUR calling. Amen"**

*"Brother, sister let me serve you, let me be as Christ to you, pray that I might have the grace to let you be my servant too." The Servant Song TFWS#2222*

At the end of April there was a very quick announcement made, with about a ten day window for people to sign up for Narcan Training. Narcan is the brand name of the drug used to help people out of narcotic overdoses. Used commonly for drug overdoses, but can be used on people of all ages and causes no harm to your body, aside from the meds that are already in your body. It was an informative night that 30 people participated in, 20 from Bethany, 4 from Otisville and 6 from the community and beyond. Each person received a Narcan kit including a CPR Mask. I received many comments from community members about the great need for the training and much gratitude expressed for engaging in the hard conversations that are realities for our community members. In order for us to best serve our community, it is important that we begin expanding the resources that we have within the body of Christ. One of the ways that we are engaging in asset building is by providing trainings for the congregation to engage in. We are a Red Cross Facility, admittedly, I'm still learning what all that entails, however, we also host many community groups and it is important for us to be prepared with basic skill sets as we seek to serve the community and be the best neighbors we can be. Being good neighbors means taking and sharing responsibility, to share the load that others are carrying and to equip ourselves for doing the work of ministry effectively. Marc has been hosting trainings for our Church Protection Policy, sharing the process of reporting abuse witnessed or heard about in our events and on our property from a child OR an adult. This is hard and sacred work and we must be ready, for we never know what situation will land in our laps. In June, you will have a chance to sign up for AED/CPR/Basic First Aid Training at the church. There is a cost for this training, however, you will be certified for 2 years on each area. There are two training opportunities. See further in these pages for additional information and if you have questions, please contact Marc.

As I type this, I am also in the midst of preparing for a week of holy conferencing at the Michigan Annual Conference, where it will be good to be with the people of

We live in a world in which we need to share responsibility. It's easy to say "It's not my child, not my community, not my world, not my problem."

Then there are those who see the need and respond. I consider those people my heroes.

FRED ROGERS

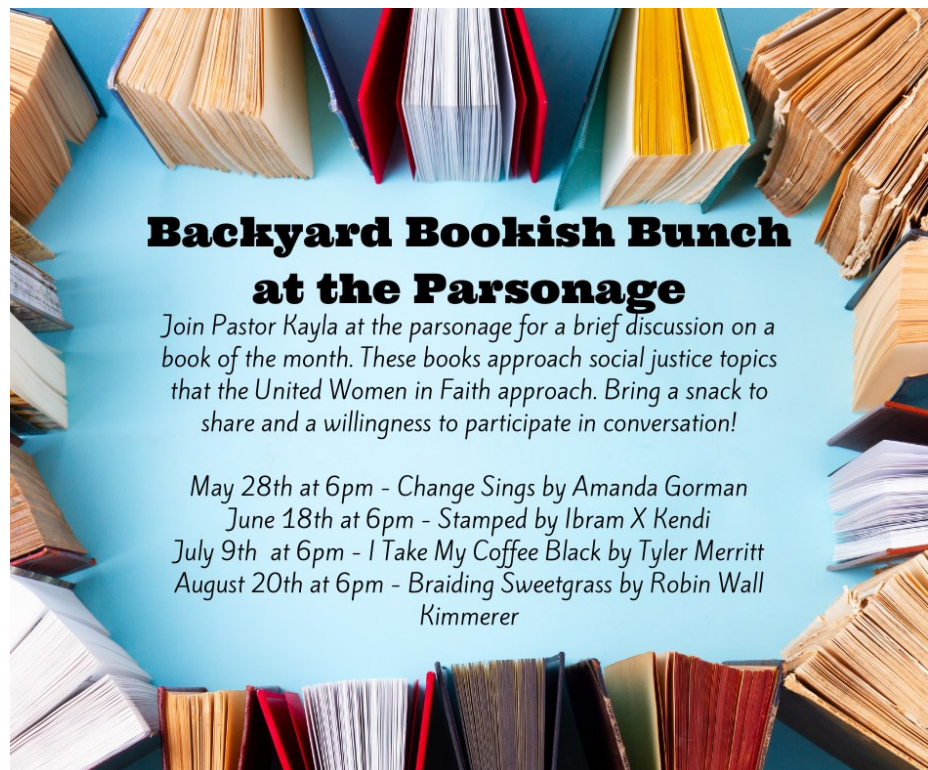

the Michigan Area United Methodist Church again.

This year will be full of emotion. I celebrate my colleagues and dear friends who I will witness being commissioned and ordained as I remember what a whirlwind last years conference was for me. I will be standing behind a table for After The Storm, seeking and building relationships with sustainable donors for the nonprofit I am the Vice Chair of that specializes in disaster response, where work is currently being done in Detroit from the 2020 and 2021 Floods that occurred through a FEMA grant. The connectional ministry that is done through that organization allows us to serve the least of these. It is heartbreaking to hear the stories and a celebration to know that UMCOR dollars and FEMA dollars get put to good use after all local resources have been exhausted. It is a beautiful process of resurrection that is experienced through my participation.

While I know it will be good to be back with my connectional body, to have quality time with Elizabeth Whiting (Bethany's Representative to AC) and Diane Weaver (District Equalization Representative), the week will be filled with heavy feelings. Our conference has had to make some difficult decisions, cutting the budget \$2.1 million. Colleagues and friends have left jobs, many have been appointed to local churches, some are still searching for jobs. Our conference structure has been simplified and we are in a season of transition. It is challenging and overwhelming while we also say goodbye to colleagues and congregations who have chosen to leave the denomination and join the Global Methodist Church. I love and respect my colleagues who have chosen this path, however, their presence and their ministry will be greatly missed. I expect that part of practicing being a good neighbor will mean having tissues in my bag with me to share as we navigate the emotions together. As we continue expanding our understanding of what it means to be a good neighbor, I encourage you to join me in the backyard of the parsonage throughout the summer for the Backyard Bookish Bunch. The dates and books are listed below. You should be able to get the books from the library, Amazon or Barnes and Noble. Read at your own pace, come with an open mind and willingness to listen and learn from one another. When we listen to one another's stories (and even read them) we begin the work of transformation within ourselves! I look forward to a tremendous summer with you all!

The summer is almost here and it's about to be busy, fun, and fruitful around the church. Our Outdoor Movie Nights and Family Fun Nights are returning alongside our Hero Hotline VBS. Our Summer VIBE crew has got a fun and exciting event lineup and Bible Studies awaiting them as well. The summer is one of my favorite seasons because of all the fun and exciting ways faith formation can happen. Make sure you set aside some time to come up and enjoy some hot dogs and games or catch a movie with some popcorn. You'll hear more information about all this later on in this newsletter, but my excitement is hard to contain about all of it. I hope you're as ready as I am.

Director of Youth and Children's Ministries

For the month of June, we will be looking at the concept of being wise. This concept comes from the story of Jesus in the Temple at Passover found in Luke 2:41-52. Wisdom can mean different things to different people, but here's a definition we'll work with: "Make good, positive decisions; capable of being trusted or depended on." Here are four ways you can help your children become wise:

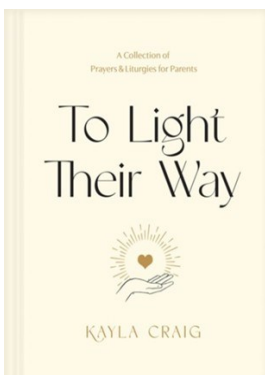

**Help your children tune in to their feelings and their bodies.** Children from an early age process every bit of information through all their senses. The knowledge that they obtain through their senses is their wisdom. As they grow up, it's our job to help them understand how they feel and to help them notice how these feelings show up. You practice through their feelings as they come up.

**Teach your children how to detach with love.** Detach is a coping skills that helps us remove ourselves from potentially hurtful situations. It's taking a step back and giving us the space to see ourselves and then make better choices.

**Read everything!** Stories allow us to imagine new and amazing futures for ourselves and the world. Surround your family with books and media that give your children stories to aspire to.

**Encourage curiosity.** Children have an innate drive to explore, figure out how things work, and ask lots of questions. Curiosity helps develop wisdom, compassion, empathy, and faith. When they ask you why for the MILLIONTH time, don't be frustrated. They're using their sense of curiosity to make sense of the world. Remind yourself that your child is growing the wisdom needed to be a healthy, well-adjusted human.

This month, I share with you two prayers about graduation. Whether your child is graduating high school or college or moving from the elementary to the big-kids school. Share this prayer with them and for them.

*You were there for every  
Newborn squeal and first step and lost  
tooth.  
Remind us that You are with them now, too,  
As our child looks ahead  
And wonders what is to come.*

*We pray for an emboldened generation  
That refuses to accept the systems they've  
inherited.  
And we pray that we will support them  
As they use their imagination and energy,  
passion and creativity  
To love the world You made and the people  
in lit.*

### Sprinkle and split

A sprinkle of pepper and a dab of soap illustrate a big concept from God's Word.

#### What you need:

- Shallow dish
- Water
- Black ground pepper
- Toothpick
- Dish soap
- Bible

#### What you do:

1. With the dish on a table, fill it halfway with water. Don't jiggle the dish.
2. Sprinkle pepper on the water.
3. Dab the toothpick into a drop of soap. Then touch its tip to the center of the water and observe.
4. Read Psalm 103:8-12.  
How does this experiment illustrate God's forgiveness?
5. Explain the science behind this experiment: The soap disturbs the water's surface tension. The soap molecules don't want to interact with the water. This repels the water molecules from the soap, causing the floating pepper to also move to the sides.
